About the Longville Lakes Area Chamber of Commerce

The Longville Lakes Area Chamber of Commerce is an organization of businesses and citizens from the Longville area who believe it is to their benefit to join together. The Chamber came into existence because the business community realized that individually they could not attract new customers or improve the quality of our community. They understood that all businesses must band together to achieve this goal. The Chamber Board believes that all businesses will benefit when they come together as a united group.

The members of this Chamber come not only from the City of Longville but from nearly every Township surrounding Longville and surrounding communities.

There are 135 members in the Longville Lakes Area Chamber of Commerce.
